

Water Baptism and Membership Testimony

Here's a simple guide to sharing your personal testimony.

Begin by describing what your life was like before you knew Jesus — how you lived, what you struggled with, and what was missing. Then, share when and how you accepted Jesus as your Lord and Saviour, explaining what led you to that decision. Next, talk about the changes that have taken place in your life since you received Him — how He has transformed you, helped you, or brought new purpose and peace. Finally, express who Jesus is to you now and what He means in your daily life.
